

Said In Cypress

That Mother, Evie and I had a little holiday last Saturday. In other words, we plain took the day off and went to Ciro's on the Sunset Strip. Alpha Iota, national and international business girls' sorority (plug) sponsored a fashion luncheon to honor their mothers at the famous spot. So intrigued were eavesdropping office girls where many of the planners of the affair work, that no one could say "no" to pleas to attend. So over 300 gals were served lunch and ogled new styles and materials. Highlight of all the entertainment were several solos presented by none other than the 1949 Rose Bowl queen, Virginia Bower, from Pasadena. We met her afterwards, and she proved to be just like her pictures lead you to believe, a quiet, unassuming, beautiful blond—a typically wholesome American girl.

That Mrs. Ray Edwards, whose maiden name was Terry, and Esther Stradley, visiting here now from Des Moines, were former seatmates at North high school in that city. Students in those days were seated alphabetically.

That Ernest Bouchard helped Mrs. E. Cutter corral a swarm of bees Monday evening. He did not fare so well, since several of the little rascals' stingers found their way to permanent resting places in his exterminities.

That Tuesday could have been a homecoming day if we'd had time to stop. As we whizzed (?) merrily along in the "yellow demon" we met Sergeant and Mrs. Ray Lucas, and the John Addingtons, residents here last year. Oh, yes, we meet the R & G Ready-Mix contraption any day, but Tuesday it was a battle to see which one of us got to use the center of the street. Touche. We won.

That the little monk atop W. J. McCoid's truck was more fun than people.

That we took a look at Lily Sublett's wonderful garden over in Cypress Acres the other afternoon. Lily does all the work on it herself, with no fancy machinery—just muscle and ordinary tools. Naturally, there was okra. What Texan wouldn't have some of that in her garden? You just name any vegetable and you'll find it growing, including peanuts! Being from you know what state, we have our eyes on that there sweet corn.

That the beautiful fishing boat being built by John Farnell will be finished before too long. We're a little jealous, because Leona got herself a boat named for her—the Esther Lee. Oh well, whoever heard of a boat with the nickname, "Newsy"? The fish might not understand.

LOCAL PASTOR IS DISTRICT LEADER

At the recent annual district convention of the Churches of the Nazarene in Los Angeles, which was attended by 700 young people representing 100 churches in the Southern California district, Rev. William Howard, pastor of the local Nazarene church, was elected to serve on the district council for the coming year as supervisor of the district junior work.

Attending as local delegates were Hollis Woodmansee, Miss Etta Jean Bodkins and Mrs. Toab Wolford. Others attending were the Misses Betty Knight, Wanda Wolford, Lois Wallis, Luanne Johnson, Beverly Johnson, Nancy Allen, Mrs. Leon Ferguson and Mrs. Howard.

TALENTED MEMBERS AWARDED FOR WORK

Anna Nose, Albert Van Klaveren, Gale Rathbone, Ross Mester, Peggy Flynn, Yvonne Duncan and Karen Siebert were awarded fifty cents each for posters they made for the VFW Auxiliary.

ITEMS OF INTEREST

Dr. Raymond Temple presented the four-point dental program sponsored by Orange county dentists at Monday night's meeting of the Centralia P.T.A. This concludes the meeting schedule for this year.

Mother's Day was made happy for Mr. and Mrs. Carl Korn by the presence of the latter's mother, Mrs. Sadie Bechtold of Long Beach. After dinner the Korns drove to Whittier to visit Mrs. Bechtold's son and family. Mr. and Mrs. Ira Bechtold.

Dinner guests of Dr. and Mrs. M. H. Damron on Saturday night were the former's mother, Mrs. Reumah Damron and his son, Phillip Damron, of Huntington Park; his daughter and family, Mr. and Mrs. Roger Corrin and

Cypress Merchants Open League With Impressive Victory, 15-3

Cypress Merchants loaded with TNT and facing a not too potent club from nearby Hawaiian Gardens opened the Norwalk Softball Association league race at Norwalk County Park Monday. The score was 15-3 favoring the locals. Earl Halliday missed a no-hit no-run performance when Salazar opened the sixth with a hit. Three local errors in that inning helped the opposition to score their only runs of the game.

The Merchants went right to work on young Billy Halliday, a brother of the local ace, on singles by Falls, Duncan, Wright and Minner while Anderson and Wilson were getting on via miscues to produce 6 tallies, in the opening frame. Wilson singled Minner across in the third to make it, 7-0.

The fourth saw Cypress increase the count to 11-0 on singles by Wright and Wilson and Minner's one baser with two errors tacked to it to count. Ferriera counted in the fifth on a free-ticket and two errors, that made it 12-0. In the last act a walk to Halliday, Ferriera's hit and one more miscue saw 3 more runs score.

Halliday in his 6 innings whiffed 9 and passed but one batter for his initial league win. Wright was credited with one walk.

The Hathcock Hirelings have a tough date with All American Market and Bill "Bambino" Spinks, Tuesday at Norwalk.

Merchants Take Golden State, 11-4

In their second game in three days, the Cypress Merchants racked up their fifth victory of the season as they trounced the Golden State Creamery outfit from Long Beach 11 to 4 Wednesday night.

The Merchants took the victory in easy paces, scoring scattered runs in the early innings, then clinching the game in the sixth with a 4-run barrage.

NORWALK BALL TEAM IS UNDER NEW NAME

It was learned that the Norwalk National Guards will play under the name of Norwalk Merchants as the Guards have withdrawn support of the team which is being newly sponsored by the merchants here. Everything else remains the same.

New Member Added To Equine Family

Sam Rosen is proud of a beautiful little stud colt foaled April 29 at his ranch at 9372 Walker street. Sired by King Cowboy out of Bay Mare, the latest addition to the quarterhorse world has been tentatively named Cowboy 1.

It is a question whether Sam really needed medical attention for the removal of several cysts requiring surgery last week-end, or whether he needed an excuse to stay at home to admire his growing equine family. Nine head of horses requires great attention, especially when one of those is only a few hours young.

WELCOME! New Readers

E. E. Luty, 5621 Camp street, Cypress.
H. C. Beuck, 8781½ La Salle street, Cypress.
H. C. Ross, Jr., 5531 Saint Ann street, Cypress.
Mrs. E. E. Stanley, Cypress.

ITEMS OF INTEREST

daughter, Crysteen, of Long Beach, and Mr. and Mrs. Elmer McWilliams of Cypress.

Mrs. Owen Kelley, 8921 Electric street, left last Tuesday with four-year old Linda to drive to Oklahoma. She expects to visit there until June sixth, when young Billy's school will be out, after which she and the children will return home.

The Cypress Volunteer Fire Department (who else?) was called out early Saturday morning to quell a brush fire along the P.E. right-of-way on Orange avenue between Miller road and the Shirley station. No damage was done, but the fire burned along the side of the track for about 200 feet each way, probably touched off by a lighted cigarette

"SWINGTIME" JOE IS ROADSIDE LOAFER

The Quon-Sut Hut has an official greeter in front of the place now. He is "Swingtime" Joe and sits in a swing inviting people into the Hut. Owner Bill Sutton and his

"SWINGTIME" JOE

wife (mostly the wife) created Joe out of newspaper and some discarded western clothing.

He looks pretty sad at present, but if he does good, Sutton said, he will be rewarded—with a girl friend to keep him company.

WORLD RECORD ENDURANCE FLYERS LEAD PARADE

Bill Barris, 5622 Kingman St., Buena Park, who, with his partner, Dick Riedel, set a new world's endurance flight record last month, has consented to appear in the parade on Hometown Day in Buena Park.

Barris and his family accompanied by the ground crew in the Jeepster they used for refueling, will ride near the head of the parade. If Dick Riedel has returned from Hot Springs where he has taken his invalid son for treatment, he too will appear, it was reported.

Clipped From The Mails

The Cypress school can be proud of itself as far as disease among students goes, as compared with most other schools in the county.

According to the report for Orange county on communicable diseases in schools for the two weeks ending April 25, Cypress had only one measles case and three mumps. Los Alamitos was in fairly good shape, too, with two chickenpox and three measles.

All Cypress citizens who enjoy an afternoon of bathing, but hesitate about going to the beach because they don't know how cold it will be, can stop worrying about it. Correct air and water temperature and general beach conditions will be broadcast exactly on the hour from 8 to 12 noon every Saturday and Sunday on Santa Monica's radio station KOWL at 1580 on the dial.

The Cypress VFW Post is cooperating in staging a "mammoth rodeo and wild west show" Sunday, May 29, at the Huntington Beach stadium. Through other channels, but still in connection with the big extravaganza, we are told that the Buena Park Post has combined beauty and softball talent in picking their candidate for Miss VFW of 1949. She is one of the star pitchers for the Lynx, Miss Joan Alsop.

Jack Benny checked in at Metro-Goldwyn-Mayer for the first time in fourteen years last week. He will play himself, his father and his grandfather in a film, "The Spirit of '49" which is being produced for the U. S. Savings Bonds Division of the Treasury Department.

The major California camping areas will have a limit of 15 days set again this year so that a maximum number of people might enjoy the privileges this summer. For those who are interested in regulations such as these on parks and beaches, write to Division of Beaches and Parks, 1211 - 16th St., Sacramento, for a copy of the folder, "California's Invitation to Outdoor Recreation."

LOCAL FIREMEN SPONSOR DANCE NEXT SATURDAY

Members of the Cypress Volunteer Fire department are sponsoring a dance in the Fire Hall on Saturday evening, May 21, beginning at nine o'clock. The public is urged to attend the dance and have a good time.

Good popular music has been procured, and refreshments will be served. The firemen are taking this means of adding to their treasury for much needed items of equipment.

VFW Aux. Names Committee Heads

Mrs. Jean Kreissler, president of the local VFW auxiliary, reminds members that the new meeting night has been decided as the first and third Monday evenings of the month. Following the last business meeting, chairmen of various standing committees were announced as follows:

Welfare and rehabilitation, Julia Bouse; hospital, Lucille Christopher; home fund, Margaret Dye; Americanism, Virginia Daniels; essay, Evie Junker; junior activities, Margaret Moss; Legislative, Harriet Carl; adult education, Della Priddy; cancer research, Frances Demeris; hospitality, Beatrice Hahn, ways and means, Ruth Mitchell, press and radio, Hazel Luty; sewing, Dorothy Smith, and membership, Lucille Christopher.

Delegates to the district convention which will be held in the Box Springs Grade schoolhouse in Riverside on May 28 will be Margaret Dye, Frances Demeris and Jean Kreissler. Delegates for the department convention in June in Sacramento are Dorothy Smith and Hazel Luty.

Changes Being Made For Drug Store's Opening

When Henry's drugstore opens for business, it will once again be "the drugstore on the corner." Elaborate changes are being made in the interior of the building which, until recently, housed "Doerr's sundries." These have been made necessary because of the addition of a prescription department and the regular drug items.

The store will continue to serve lunches and maintain fountain service. The biggest changes will be apparent in the front of the store, but behind the scenes will be unbelievable changes. Even a small "upstairs", giving ample storage space, is being included.

Henry has made most of the plans for the expansion and development of the store's facilities himself, and is so foresighted as to have envisioned this year's Christmas decorations to carry out his new theme. Helping him in the store planning is his uncle, Miles E. Bexer, his mother's brother and a former contractor. It seems that "Uncle" Miles is well known to long-time residents as one of Anaheim's Bever triplets.

Also carrying out the work of reconstruction this week are Robert McKee, and Charles W. Sellers. Cypress is promised and up-to-date, modern drugstore when the work is finally completed.

CHORAL DIRECTORS MEET, PLAN COUNTY PHILHARMONIC SEASON

A meeting of the Southern California Choral Conductors Guild (Orange County Chapter) was held Saturday evening, April 30, in the Orange Presbyterian church. The main part of the session was devoted to discussion concerning the coming of the Los Angeles Philharmonic Orchestra in Orange County next season.

Main speakers for the evening were John Northcutt, publicity manager of the Philharmonic Association, and Bill Hartshorn, manager of the orchestra. Both spoke on the values derived from orchestra music and the very close relationship between this type of good music and actual human experiences.

Also in attendance were choral conductors, school musicians, representatives from county cultural organizations and other musical enthusiasts.

BARRIS, RIEDEL GET FREE VACATIONS TO REDWOOD COUNTRY

Endurance fliers Bill Barris and Dick Riedel were in receipt this week of a five-day expense paid vacation to the California Redwood country from the Columbia Broadcasting System, it was announced here.

Bales Of Hay Are Square Dance Seats

There is going to be plenty of sitting space at the Cypress Community Club square dance June fourth, but there won't be a chair in the place.

Arrangements have been made to bring bales of hay into the new hangar at the Cypress Airpark. K. D. Tillema of the Central Feed store is generously providing the hay and sundry help will be solicited and forced to take it into the hangar when June fourth rolls around.

Mrs. James Bryant, chairman of the dance, has pointed out that the professional caller from Long Beach, Harry Miller, has made arrangements for pre-dance instructions for those who are not masters of square dancing. Instructors are being brought to explain the steps at 7:30 p.m. and the more people who take advantage of the instruction, the more fun it will be for the whole group later in the evening.

Tickets are now on sale at the Fashion Shop and by women of the Community Club who are sponsoring the affair.

Unusual Shipment Of Snakes Here

Although the famous snake farm which formerly belonged to the late Grace Wiley is no longer in existence as such, Wesley Dickinson continues to carry on the tradition with the housing of the snake collection in Cypress. He is concentrating particularly on rare and foreign specimens.

A shipment recently from Florida included the following: an African mole snake, about six inches long, with a black like a parrot; a Russell's viper, one of the most dangerous from India, light buff and brown in color, with three pairs of spots forming a chain down the back; an Indian cobra, rather young, about three feet long with a marked pattern on back of hood; an African cobra, yellow in color, very pugnacious with venom supposed to be fatal to man, a rather rare snake, only second time one has been seen by Dickinson in ten years.

There are also two Florida diamond back rattlesnakes, about five feet long, the largest poisonous snake in North America; two giant water snakes, the largest heavy bodied of water snakes in North America, which mimics the poisonous water moccasin; three King snakes from New Jersey, which are noted for ability to kill and eat rattlesnakes, common in the immediate vicinity and vitally necessary to help maintain balance of nature, killing and eating myriads of rats and mice each year; two ribbon snakes and one Indigo, so named because it appears to become a gunmetal blue in the light, also it is the largest snake in North America.

Dickinson has already given pairs of each of the snakes listed above in trade. The snakes are housed in a building which he himself constructed, along with other valuable animals in a collection which he hopes, eventually to turn over to a zoo if Long Beach decides to open one.

Last Call For Boxing Lessons

Boxing instructor Mannie Lieberman, from Long Beach, will make a final attempt to organize a class of twelve boys this Saturday, May 14, from 11 a.m. to 12 noon at 5412 Camp street. If a class of 12 can be enrolled, the cost per boy each Saturday will be only 50c for the lesson.

Since boxing is an excellent foundation for boys intending to enter other fields of athletics, it is hoped parents will encourage their sons in this enterprise.

ROGER PRYOR HAS LEAD IN K. V. O. E.'S HEALTH SERIES

The dark grip of the past, and how that grip can be loosened with knowledge, is the theme of the drama "The Telephone Call," which will be broadcast over Station KVOE, Thursday May 12, at 10:15 a.m., with a re-broadcast on Friday May 13, at 8:30 p.m.

Raymond Massey, one of the most distinguished actors on the American scene, will be heard in the drama, "The Lips of a Strange Woman," over Station KVOE on Thursday, May 19, at 10:15 a.m., with a re-broadcast on Friday, May 20, at 8:30 p.m.

"The Lips of a Strange Woman," points out what faith, knowledge and understanding can do to redeem a man who has temporarily fallen among evil companions. The central figure of the play, Collins, is such a man.

CAN YOU BEAT THIS?

Subscriber E. R. Forst, of 6151 Orange avenue, claims an egg laid by a pet mallard duck will be hard to duplicate. The monstrosity is 7½" in diameter, 3¼" long and 2¼" wide. All contenders to tie this record or beat it, call "Frosty," not the newspaper. After all it's HIS duck that holds the title.

Orange County Aviation Week Begins Tuesday

The Cypress Airpark is almost set for its part in the Orange County Aviation Week, scheduled for May 18 through the twenty-fourth.

In the county as a whole, big events are scheduled to take place. The Cypress Airpark, with Jim Bryant as host, has opened its doors to the public, with interesting displays to be presented to visitors on Saturday, May 21.

Among the items to be shown is a Link Trainer, a device that simulates flying conditions, even though it remains on the ground.

At the other airports, such activities as a ride in a Western Airline DC-4 is planned for May 24. Tickets for those from Cypress interested in the educational and scenic flight can be purchased from Bryant.

Bill Odom, round the world flying hero, will be at the Orange County Airport at Santa Ana next Tuesday, as will Fullerton's famed pilots, Bill Barris and Dick Riedel. There will also be a display of the CAA model airport, displays of jet planes and a safety exhibition.

The annual week is being sponsored by the Orange County Associated Chambers of Commerce.

ENJOY OVERNIGHT HIKE LAST WEEK-END

On Saturday, local Boy Scouts enjoyed an overnight hike, using full camping equipment. Under the direction of Scoutmaster Jack Kepner and the committeemen from the local VFW which sponsors the troop, the boys passed tests in cooking, fire building, a five-mile hike and other tests of skill. Kepner brought along supplies and camping equipment and the boys were required to make their own beds and Scouts Martin, Laird and Taylor cooked the food for the entire troop. Dick Hathcock, local groceryman, helped the boys obtain milk from the surrounding dairies to add to their supplies.

Taking a load of boys to the camping site in his car, George Laird also helped with the camp procedure. On Sunday morning a church service was conducted for all scout faiths after breakfast. The boys arrived home at 5:45 on Sunday afternoon.

At Monday night's regular weekly meeting, Scoutmaster Kepner spoke of a Court of Honor for the troop to be held in a few weeks.

VFW Plan Gala Event May 28

Merle Bouse has released information this week concerning the big free entertainment the VFW is sponsoring on Saturday evening, May 28, in the Cypress school auditorium, at eight o'clock.

In addition to the grand drawing for the Westinghouse television, donations for which are \$1.00, the committee promises an evening packed full of fun and enjoyment.

Featured will be Falkner, the magician, in a show of 101 surprises. There will also be a movie.

THREE DANCERS TAKE PART IN BIG REVIEW

When the "Talk of the town" review was presented last Friday night in the Paramount high school auditorium, the Bellflower Conservatory of the dance presented three students from Cypress in several of the numbers. Taking part in the affair were Virginia Holt, Victor Konig, Jr., and "Sugar" Parker.

Proceeds from the entertainment are to be used to furnish free art materials in the parks this summer for use of the children. An art instructor will be present each day the playgrounds are open to guide the students in art work.

STANTON WOMAN IS GIVEN FAREWELL

As a farewell gesture to Mrs. J. J. McNinnis of Stanton, who is moving to Glendale to make her home, Mrs. Louis Lmgren entertained in her honor at her home at 8182 Whittaker on Thursday afternoon, April 28.

County Stirs Up Interest In P. E. Action, C of C Told

Other Business Discussed At Monday's Meeting

Because of the comparatively small attendance, it was decided to table a discussion of plans of the county planning commission with regards to Cypress until a later date. This program has been planned for Monday night's meeting of the Chamber of Commerce.

James Broadbelt reported for his committee which has been charged with keeping the chamber informed on the attempts made by the Pacific Electric to withdraw its passenger service on the Los Angeles-Santa Ana line, which would affect Cypress. A copy of a letter was read which was prepared by the West Orange county Property Owners association, of Garden Grove. Directed to the Public Utilities commission, the communication said in effect that property values will be adversely affected if the plans of the P. E. are allowed to materialize. The letter strongly protested the abandonment of the passenger service, and asked that the Pacific Electric and Southern Pacific be totally disenfranchised of their right to haul freight over their lines if they did not plan to continue passenger service. It was pointed out that then the communities along the right-of-way could make their own arrangements for fast, dependable service over a direct route into the city. This might include constructing an adequate highway. This, they contend, would protect life-time savings and the welfare of property owners in Orange county. It is understood that the Associated Chambers of Orange county and the county board of supervisors have also taken similar drastic steps to fight the proposed withdrawal of transportation facilities, which would leave several towns along the route completely stranded, and facing economic chaos.

Other business before the chamber members included the voting from the treasury of a sum of \$16 to the Girl Scouts of Cypress in order that they may send an underprivileged scout to summer camp. It was stipulated that the amount would be advanced on the condition that the girls worked in return during White Gold days this year to repay the money. Funds were recently forthcoming to the Boy Scout organization in exchange for work done to clean an empty lot of weeds and debris. A copy of the planning commission's C-2 zoning map is to be requested from the county for future reference. At the motion of Leona Murdock, it was voted to start a "kitty," funds from which are to be used next Christmas for decoration and candy for the children, etc. With small donations on each meeting night, it should not be necessary to solicit the merchants when the holiday season rolls around this year.

Fred Mackay, vice president, presided in the absence of the president, R. B. Hathcock, who is a member of the Cypress Merchants' softball team which was playing its opening league game Monday night.

The building which comprises two store spaces owned by Mrs. Madge Lyen west of Cypress on Lincoln avenue is being remodeled. The roof is being raised and the inside plastered. It is reported that the west side will be occupied for the operation of a Spanish kitchen.

SANDY'S SERVICE THIEF IS CAUGHT BY POLICE
Some of the goods that were stolen last week when Sandy's Service was broken into has been recovered.

Police picked up a Newport Beach man after a telephone call lead them to some of the loot that had been discarded. The man confessed 27 robberies in recent weeks. The discarded items that were picked up by the police were found within a block of Sandy's Service.

Organized Labor Fires Guns At P. E.'s Proposal

Nine labor organizations, representing organized employees of the Pacific Electric Railway company, announced recently that they are joining forces to fight the company's application to the state Public Utilities commission for approval of extensive abandonments of its interurban rail passenger service. A resolution spelling out the position of the employees was unanimously adopted and has been released by the Joint Committee of Standard Railroad Labor Representatives, speaking for trainmen, clerks, dispatchers, signalmen, towermen and shop and maintenance of way employees, according to H. W. Wilkins, general chairman of the Brotherhood of Railroad Trainmen and spokesman for the group.

It is significant to note that the resolution points out that "a proposition from the public, rather than mere opposition to the carrier's disastrous plan, is important to the success of this fight, in the opinion of the employees." They also suggest the substitution of a program of modernization of existing rail lines to avoid chaos in highway traffic and public transportation. The resolution further points out that surveys have shown that buses would be unable to handle passenger traffic on the principle routes, "without serious congestion of highways and city streets due to the great number of individual units required."

It is felt that there is an urgent need for the establishment of a modern rail rapid transit service to the Los Angeles metropolitan area, and the P. E., with its existing lines, stations and other facilities, as well as its franchises to operate, can best fill that need through modernization at a fraction of the cost which the taxpayers would have to assume for a similar program.

WAGON WHEEL RANCH SCENE OF SOCIAL GATHERING

Mr. and Mrs. Ed Maahs entertained a group of friends on Saturday evening, April 30 at their home at the Wagon Wheel Ranch on Lincoln avenue.

Mr. and Mrs. Jacob Mumm showed slides of their recent trip to Arizona. Dr. and Mrs. W. A. Dorsch of Compton showed movies taken in the Feather River Canyon, Oregon, Washington, and many places in Canada.

The guests included Mr. and Mrs. Hans Vogel and daughter, Ruth, of Chicago, Mr. and Mrs. Elrud Kai of Covina, Mr. and Mrs. Arthur C. Koolman, and those mentioned above.

At the close of a delightful evening, refreshments were served by the host couple.

CALENDAR

Organizations wishing to have meetings or special events listed in this weekly calendar are invited to contact the office of the News, Buena Park 421, with their information.

UNFAIR TO "COMMIES"

One catch in the Communist Party's investigation of its own members in this country (to discover FBI Spies) is that some of those doing the investigating may be FBI men themselves.

In fact, J. Edgar Hoover has so many of his undercover men in the Communist Party ranks that they may soon set up their own branch. As the San Francisco News observed, it's getting so that you can't count on a Communist as being a trustworthy traitor any more.

HOLIDAY STAGE SIGNS PERFORMERS FROM PASADENA PLAYHOUSE

Executive officials of Holiday Stage this week raided the Pasadena Playhouse and signed contracts with eight skilled semi-professional actors for their third summer season in Orange County.

Two of the group, Rose Mary Emma and Nan Petnick, will come to Tustin direct from a six-month tour of the western states in "John Loves Mary". The others—Barbara Brooks, June Husetter, Paula Sowl, Leonard Freeman, Ben Mantz, and Victor Welsner—are members regularly appearing in the five theatres sponsored by the Playhouse.

when the range looks better and it cooks better
of course — it's electric!

If they weren't so practical, they'd look swell up on pedestals. Modern electric ranges are so attractively styled, they do a lot for the looks of your kitchen.

That isn't all, though. Handsome as as handsome does — and these cooking wizards make meal preparation easy, convenient and economical.

Modern electric ranges are the best ever. See them at your dealers now.

Don't Forget Today's Show
Today, Friday, May 13, the eighth grade is sponsoring a puppet show, "Hansel and Gretel," in order to gain funds for a trip to the San Diego zoo, an annual outing for the graduating class. This evening, at eight o'clock, there will be a performance for adults, price 25c. Don't miss this good entertainment. "Hansel and Gretel" — tonight, Friday — in the school auditorium.

The local school board has had benches made for the night ball games by the Cypress lumber yard. They will be available soon, after being painted.

Cypress boys' team won from the Savanna elementary school team when it visited here Thursday morning, May 5. They brought two boys' teams, and one girls' team.

PUPILS TO ATTEND SANTA ANA ART SHOW
The school bus will take children in the fifth, sixth and seventh grades to the art exhibit in Santa Ana on May 18 and 19. The eighth grade will be taken by cars.

The exhibit is held in Santa Ana each year. Work is shown from every school in the county and Cypress has sent many pieces of art work to the show. Parents are invited to attend this art exhibit at the Community Center lounge in Santa Ana. Remember the dates — May 18 and 19.

Girl Scouts have been presented with a flag for all scout troops of the Cypress school by the Women's Relief corps of Fullerton.

AID TO BLIND TO BE STRESSED

White Cane Week has been officially set for the period from May 15 to 21 inclusive. White Cane week stamps to help the blind to help themselves will be sold at that time.

The drive is sponsored by the National Federation of the Blind which states as its purpose "to help prevent the sighted children and adults of today from being the blind of tomorrow."

CYPRESS PERSONALS

A card was received from James J. Chisholm this week from his former home in East Braintree, Massachusetts, where he and Mrs. Chisholm returned after a sojourn in California. "Jim" will be remembered as the managing editor of the Cypress Enterprise for a period of time last winter.

A mother and daughter banquet was held last Thursday night in the missionary hall of the Cypress Church of the Nazarene. Hostesses were Mrs. Joe Ferguson, Mrs. Leon Ferguson and Mrs. Jonathan Stogdill.

A check to renew their subscription to the Enterprise was received this week from Mr. and Mrs. George Worthington in Temple City. Although their was no message, old friends will believe the Worthingtons are missing Cypress as they are being missed.

Members of the Young Women's Missionary society of the Cypress Church of the Nazarene varied its routine last Wednesday night. After the devotional meeting, the remainder of the evening was given over to a layette shower for one of the members, Mrs. Gary Zwart. Mrs. Toab Wolford and Mrs. Hal Shirey were hostesses for the evening.

Elaine Miranda, who is spending the school year with her aunt in West Los Angeles, manages a weekend visit here very often. Elaine will be home for the summer when school is out.

Karen A. Tande, infant daughter of Mr. and Mrs. Forest E. Tande, of 9076 Walker street, died Wednesday morning in a Long Beach hospital. Funeral service was directed by a Long Beach mortuary.

Mrs. Maxine Williams, who was called to Kansas by the serious illness of her aunt, writes that she will soon return to her home at 9060 south Walker street.

BYARS Well, are you going to sit there all day with your nose stuck in that book?

The above gag is no gag. Our plumbers are studious — company policy — have to keep abreast of all the modern time-saving methods in plumbing. It's the only way we can do a three hour job in two hours. That's why we have to admit there's something pretty low-down about our plumbing — our prices.
